TRACE — OSINT DIGITAL FOOTPRINT ANALYZER

Formal Academic Investigation & Technical Findings Report

Student Name:	Fardeen Akmal (Roll No: 2)
Branch:	Computer Science & Engineering (IoT, Cyber Security and Blockchain Technology)
Project Guide:	Prof. Akanksha Thakare
Institute:	G.V. Acharya Institute of Engineering and Technology, University of Mumbai
Target Investigated:	**fardeenakmal** (Type: USERNAME)
Investigation Date:	2026-10-22 16:55:32

Username Reconnaissance Findings:

Source Platform	Category	Profile URL	Status	Response / Detail
GitHub	Developer / Code	https://github.com/fardeenakmal	FOUND	Profile page exists and is publicly accessible
GitLab	Developer / DevOps	https://gitlab.com/fardeenakmal	NOT_FOUND	Redirected to login (User not registered)
DockerHub	Containers / Tech	https://hub.docker.com/v2/users/fardeenakmal	NOT_FOUND	Profile does not exist (HTTP 404)
Dev.to	Developer Community	https://dev.to/fardeenakmal	NOT_FOUND	Profile does not exist (HTTP 404)
HackerNews	Tech Forum	https://news.ycombinator.com/user?id=fardeenakmal	NOT_FOUND	Profile inactive or not found (HTTP 419)
Reddit	Social / Forums	https://www.reddit.com/user/fardeenakmal/about.json	INCONCLUSIVE	Platform rate limited / Cloudflare challenge (HTTP 403)
Gravatar	Avatar / Identity	https://en.gravatar.com/fardeenakmal.json	NOT_FOUND	Profile does not exist (HTTP 404)
Keybase	Cryptography / Identity	https://keybase.io/fardeenakmal	NOT_FOUND	Profile does not exist (HTTP 404)
Medium	Blogging / Publishing	https://medium.com/@fardeenakmal	INCONCLUSIVE	Access restricted or rate limited (HTTP 403)
Pinterest	Media / Visual	https://www.pinterest.com/fardeenakmal/	CHECK_FAILED	Connection timed out after 4.0s

Investigation Limitations & Ethical Statement:

Notice: This investigation was conducted using passive, public OSINT techniques strictly within authorized educational and ethical parameters. No active scanning, intrusion, or unauthorized access was attempted. Rate limiting, WAF challenges, or private profiles may result in inconclusive findings. Information is provided 'as observed' at the collection timestamp without modification.
